

WORKSHOP PDI ENGINEER

Location: Doosan Northampton, Full Time – Permanent

We are currently seeking to appoint a Workshop PDI Engineer to work within the workshop at our Northampton Depot.

Reporting to the Workshop Supervisor, the successful applicant will assist in the preparation and modification of New Doosan equipment to a high standard. They will carry out all relevant tasks associated to the job sheet as per customer requirements whilst working to all depot Health & Safety and PPE rules.

Key Responsibilities for the Role are as follows;

- Reporting to the Workshop Supervisor at Doosan Industrial Vehicle UK Ltd, Northampton
- Responsibilities will include, but will not be limited to, the preparation of lift trucks, in line with customer's technical and delivery requirements, at all times taking account of manufacturer's guidelines and sound engineering practices.
- Fitting of aftermarket attachments and Cabs (Training will be provided)
- Hours of work will be 8.00am until 4.30pm from Monday to Thursday and 8.00am until 3.30pm on Fridays, with 30 minutes for lunch each day.
- Holiday entitlement will be 20 days per annum (rising at the rate of one day per completed year of service, to a maximum of 25 days).
- Contributory Auto Enrolment Pension Scheme

Training, Qualifications and Experience:

- Experience of working with Fork Lift Trucks, Plant and Agricultural equipment is Essential

To apply for this position please send your CV with covering letter to Michael Archer, Assistant Operations Manager, at Michael.archer@doosan.com by Monday, 6th June 2016.
